Dear Richard

**RE: SHIPMENT OF OFFSHORE PATROL VESSEL MODULES IN JUNE 2006  
FOR PROJECT PROTECTOR**

I would like to pass our thanks for the freight movement completion of above superstructure ship modules from Tenix Whangarei in New Zealand to Tenix Williamstown in Australia. Richard, your hands-on project management and attention to detail were key elements to the success of this critical shipment for the Tenix Group.

Credit also should be passed to the expertise of all your employees involved in the project.

We look forward to seeking the services of Global Transport into the future.

Yours Sincerely
